Specifications

- Weight & measurement approved
- Rugged & reliable design
- Stainless steel platter of high quality
- Fast weighing response time
- Battery backup for 25 hrs
- Internal ADC-count of 2,50,000
- A/C Power supply operating between 90VAC to 270VAC
- Advanced microprocessor based design
- Auto power off
- Simple & easy operation with feather touch keys
- High brightness LED display
- Sealed to prevent rodent entry

Optional

RS-232C serial interface
